TELEPHONE WAR GOING ON IN ORANGE COUNTY

A merry telephone war is in progress in Orange and Windsor counties. A few months ago the Rapid Telephone Company owned by Mr. Hazen of South Royalton, with some 40 lines in Eastern Vermont made an arrangement with the New England Company whereby they work in harmony and while there is no consolidation, still there is no longer to be any dispute as to territory between the companies, and the South Royalton office of the New England Company is now in charge of Mr. Hazen.

But another rival has sprung into existence in the shape of the 'People's Telephone Company, which is only six months old but already has lines from St. Johnsbury to Chelsea, and the wire is now being strung from Chelsea to South Royalton, and also to Washington. A large number of farmers along the route are members of the company. Each man over whose land the line runs furnishes the wire across his land and pays for the instrument. The line is to be strung to East Barre and Barre city.

MOTHER OF MRS. GEO. GOULD ROBBED

New York, June 9.—Michael Moran and John Waters alias Givens were arrested this morning charged with the robbery of jewelry belonging to Mrs. Angden, mother of Mrs. Geo.

Gould, from the Waldorf Astoria several days ago. The bell boys of the hotel identify the men as seen around the hotel on the day of the robbery.

SERIOUS CAVE-IN OCCURS IN COAL MINES

Hillsdale, Pa., June 8.—A serious cave-in occurred this morning. A large number of men were working in the mine when a large mass of rock dropped ten feet into the mine. A number of narrow-gauge tracks were wrecked and fifteen men were killed.

ported. Many collieries in this district are now flooded. The companies are allowing many important workings to fill with water. Two slopes at Cranberry and one at Stock have been abandoned and the fires are drawn from the bellies.

Hamilton, June 9.—The strike sympathizers gathered about the collieries this morning and attempted to persuade the union men to go home.

Wilkesbarre, June 9.—President Mitchell leaves for New York at noon on the invitation of Commissioner Wright and meet him at the Manhattan Hotel in New York this evening to discuss a plan of settlement of the strike. News that an effort to settle the troubles will be made caused a great jubilation among the merchants and strikers here.

MCCULLOUGH CANNOT WIN

Falls Far Short Of Majority On First Ballot

There were 67 republican caucuses in Vermont Saturday night and all but Royalton elected delegates. In that town it was voted to elect by majority and the result was an adjournment.

Today the standing is McCullough 320, Clement 219 and Proctor 165. This makes 704 delegates elected out of the total number of 728, and it will be seen by this that it will be impossible for McCullough to secure the nomination on the first ballot as 361 is necessary for a choice and it is the general opinion that if he does not win on the first ballot he will not win at all.

Clement carried Orwell 3, Granville 2, Leicester 2, Lyndon 5, Brighton 3, Morrisville 6, Orange 1, Middlesex 2,

Putey 2, Whitingham 1, Woodstock 6, Bethel 4, Chester 5, Ludlow 5, Plymouth 2, Springfield 7, Stockbridge 3, Hartford 6.

McCullough carried Hancock 2, Stannard 1, Hardwick 4, Groton 2, Newark 2, Waterford 2, Barnet 3, Concord 2, Lunenburg 1, Bakersfield 3, Stowe 3, Washington 2, Newbury 4, Thetford 2, Fairlee 2, Orange 1, Albany 2, Westmore 1, Charleston 3, Westfield 2, Roxbury 2, Berlin 2, Worcester 2, Wilmington 3, Dover 2, Whitingham 1, Westminster 2, Cavendish 3, Hartland 3, Weathersfield 2, West Windsor 2.

GREAT DISCOVERY MADE IN ELECTRICITY

London, June 8.—A despatch to the Daily Mail from Las Palmas, Canary Islands, says that a prominent engineer of that town named Figueras claims to have discovered a method of utilizing atmospheric electricity with-

out chemicals or dynamos and he is said to make practical application of his method without employing any motive force. Senor Figueras expects that his invention will bring about a tremendous industrial revolution.

MOTHER AND SON DROWNED.
Bellows Falls, June 9.—Mrs. Oia, wife of Arvin Fullam of Gageville, and her little son, Albert, were drowned in Saxton's River near here Saturday evening. Mrs. Fullam and her son were at the river fishing when the boy slipped on a shelving rock and rolled into the river in very deep water. Mrs. Fullam jumped in and in attempting to save the child was drowned. Some children playing near witnessed the accident, but were too small and badly frightened to render any assistance and it was at least half an hour before they notified any one of the accident. The bodies were quickly recovered but all efforts to resuscitate them were in vain. Mrs. Fullam is survived by a husband and young son.

BURLINGTON BURGLARY.
Burlington, June 9.—Henry Robear was before Judge Hawkins in city court Saturday after having been in jail since April 22 in a vain attempt to secure bail in the sum of \$700. Robear was arrested by the police department under suspicious circumstances and it was discovered that he in connection with other parties had entered the warehouse of Spaulding, Kimball & Co., and stole a quantity of beans.

When in court the first time Robear waived examination and was bound over to county court. Saturday he pleaded guilty to an information and was sentenced to serve not less than one and one-half and not more than two years at the house of correction at Rutland.

ENGLAND'S FINANCES

Reported In a Very Satisfactory State

London, June 8.—The war office has cabled congratulations to Lord Kitchener on the energy, skill and patience with which he conducted the long campaign in South Africa and has asked him to communicate to the troops the government's profound sense of their spirit and endurance, bravery and discipline, and also of their humanity shown throughout the trying period. Lord Kitchener replied in behalf of the army in South Africa tendering its sincere thanks for the congratulations of the government, which he was sure the troops would receive with great satisfaction.

Col. Arthur Lynch, (who fought with the Boers in South Africa, who was elected in November last to represent Galway in the House of Commons, and who, it was announced last night, he decided to go to London early next week and attempt to take his seat in the House, will not be allowed to carry out his intention, but will be arrested on the charge of treason. Immediately after landing in England a sharp watch is being kept for Col. Lynch and if he reaches Westminster it will be by stratagem. Col. Arthur Lynch has decided to go to London early next week. He will go straight to the House of Commons attempt to take his seat there and abide by the consequences.

land to Manchester, for distribution throughout the North of England and the Midlands is to be carried on by the Elders and Fryes. It has been decided to run a regular direct line of steamers with fortnightly sailings. The first fruit is expected to reach Manchester early in July. The steamers to be engaged in the new enterprise will be the Chickhams, Appomattox and Greenbrier, recently purchased by English merchants from the Chesapeake and Ohio railroad, which used them in the Liverpool business from Newport News.

At noon Friday Queen Alexandra sent word to Anton Hegner, the New York cellist, to come to Buckingham palace that afternoon and play for her. Hegner had received an intimation that he might be summoned at short notice, but he did not expect the summons today, could not read his accompanist and repaired alone to the palace in much distress. There he was received most kindly by the queen and her daughters Princess Victoria and Princess Charles of Denmark. When Hegner explained the difficulty, Princess Victoria volunteered to accompany him, which she did for a couple of hours, with Queen Alexandra turning the music. The queen and the Princesses were most gracious and complimentary. About ten other ladies were present.

Prior to the second reading of the loan bill in the House of Lords, Lord Goschen, liberal and a former chancellor of the exchequer, announced that he desired to say a few words on the financial position of the country. Consols which were now paying only 2 1/2 per cent stood at 97. Before the conversion of 1888 3 per cent consols stood at 101. If they had been converted then they would have been worth only 82, so that now the stock was really 15 points higher, and that after a costly war and the borrowing of £150,000,000. The country might well congratulate itself on a situation which showed such economic stamina. The premier Lord Salisbury, said such words coming from such a high authority were very gratifying and would be well read.

Announcement has been made of the engagement of Miss Jeanne Langtry, daughter of Mrs. Lily Langtry, the actress, to Jai Malcolm, Conservative member of Parliament for Stowmarket.
